

# COVID-19 Pre-Exposure Evusheld

## Now AVAILABLE in Riverside County!

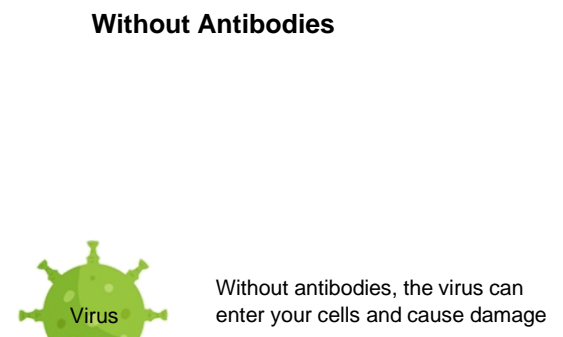

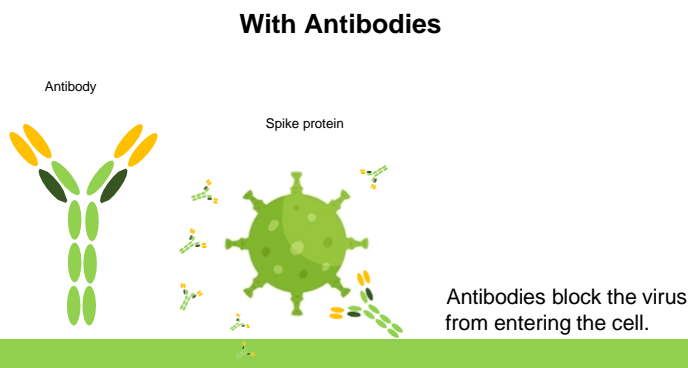

Do you, or someone you know have a weakened immune system due to conditions such as:

- Cancer
- Organ transplant
- Advanced or untreated HIV infection
- Moderate or severe primary immunodeficiency
- Taking immunosuppressive medication

If you are not currently infected with COVID-19 you may be eligible for Evusheld to protect against COVID-19

Antibodies help our bodies fight infection.
